Socialize • Shop
Read • Advice

Women's Suite is a free online social networking community devoted to women with four synergistic components:

Social Networking (*Share life's stories*), **Magazine** (*Concise women articles*), **CommUNITY** (*Advice forum*) and a **Marketplace** (*Focused on unique items*)

Women's Suite CommUNITY helps shoppers make more informed and confident purchase decisions by creating a place where they can share their advice, opinions, ask questions and share experiences about the products they have purchased and post & boast about the brands they adore.

CommUNITY Showcase - *"Bring Advice to life"*

Women's Suite CommUNITY is based on an unassuming reality: When people talk to one another, they purchase things. CommUNITY Showcase gives people more opportunities to connect with products, merchants and brands.

CommUNITY allow you to leverage the voice as a consumer by creating online social communities that encourage authentic conversations about your preferred brands, using word-of-mouth and pointing friends to directly to your favorite storefront.

Both CommUNITY and **Showcase** are interconnected to provide the tools that allow you to convert this user-generated content into actionable perceptions that drive trends. This leverages member-generated advice/comments to reach and influence one another.

Here, you can upload up to six images/photos to share your latest outfit, accessory, home improvement and more! Verbally and visually post it here and invite

your friends to give their 2 cents!

Showcase:

Members seek advice on social networks from friends, watching product videos, and looking at competing products.

CommUNITY Showcase was designed as a touch point leveraging sharing multiple images/photos that engage and help friend's decision process. – A touch point is when an influencer interacts with others.

- A discussion forum where conversations develop
- Women's Suite provides shoppers with connections
- CommUNITY a group within an existing social networking site.
- A network of friends, content/blogs and stories
- Anywhere and on any mobile device conversations and people connect and share.

Reasons for using multiple photos in a solution environment creates a 'stronger emotional connection.
